

October 31, 2013

- Pass back work that has been corrected.
- Introduction to iPads that will be used in the class.
 - Assign the students numbers that they will use for the remainder of the year.
 - Responsibilities for the first person in the row.
 - Collect the proper iPads
 - Pass them out correctly
 - Collect them at the 7 minute bell.
 - NO ONE LEAVES BEFORE ALL iPads are accounted for and returned.
 - You are responsible for what is on the iPad.
 - If there is something inappropriate, you had better let me know IMMEDIATELY or you are responsible for it.
 - You should ONLY be at the sites we are using in class. NO SURFING.
 - If they are being misused you will lose the opportunity to use the iPads. You can always use a computer.

- Pass out iPads and look at the following website:
 - www.physicsclassroom.com
 - This will be our text book for the year.
- Have the students find the appropriate pages and then read and do the home work.
